

The Doctorate schools of University of Udine, University of Trieste and SISSA, with the contribution of Regione Friuli Venezia Giulia jointly organize a 3 year cycle of Summer schools for PhD students in the areas of Nanotechnology, Biomedicine, and Bioinformatics.

Participation to the schools is open to all PhD students and free of charge for all PhD students of Regione FVG.

The 2012 Edition of the schools will take place in Udine.

On Nanotechnology: 2-5 July 2012

On Molecular Biomedicine: 9-13 July 2012

On Biology, Computation and Information: 10-14 September 2012
