

THE ILLNESS WITHIN

Charles Sabine

TRIESTE | APRIL 08. 2013

Charles Sabine and his brother

A special encounter will be held at the International School for Advanced Studies (SISSA) of Trieste featuring Charles Sabine, journalist and “future” Huntington’s chorea patient.

Sabine will give the audience his unique personal account and will address the importance of genetic research in fighting neurodegenerative diseases, the type of research carried out at SISSA.

WHEN

Monday April 8th
at 11.30 am

WHERE

Lecture Room 128,
SISSA
via Bonomea 265,
Trieste

Organized by

LISNU - Laboratorio Interdisciplinare Scienze Naturali e Umanistiche
PhD Course in Structural and Functional Genomics
