

Mathematical Physics and Geometry

First Semester

	lunedì	martedì	mercoledì	giovedì	venerdì
9-10		Algebraic Geometry Univ. Trieste	Algebraic Geometry Univ. Trieste	Fisica Matematica 1 136	Fisica Matematica 1 136
10-11		Algebraic Geometry Univ. Trieste (end 10:45)	Algebraic Geometry Univ. Trieste (end 10:45)	Fisica Matematica 1 136	Fisica Matematica 1 136
11-12	Introduction to Topological Field Theory	Geometry of Isomonodromy Deformations	Introduction to Topological Field Theory	Geometry of Isomonodromy Deformations	Introduction to Toric Geometry
12-13	Introduction to Topological Field Theory	Geometry of Isomonodromy Deformations	Introduction to Topological Field Theory	Geometry of Isomonodromy Deformations	Introduction to Toric Geometry
13-14	-	-	-	-	-
14-15	Random Matrices and Integrable Systems	Introduction to C^* algebra	14:30 Seminar Integrable systems	Random Matrices and Integrable Systems	
15-16	Random Matrices and Integrable Systems	Introduction to C^* algebra	Seminar Integrable systems	Random Matrices and Integrable Systems	
16-17	Seminar Non commutative Geometry	Seminar Algebraic Geometry	Introduction to C^* algebra	Introduction to Toric Geometry	
17-18	Seminar Non commutative Geometry (end 17:30)	Seminar Algebraic Geometry	Introduction to C^* algebra	Introduction to Toric Geometry	

Course	room	Starting date	Teacher
Introduction to C^* algebra	136	3/10	Piacitelli
Introduction to Toric Geometry	136	8/11	Bruzzo
Geometry of Isomonodromy Deformations	136	4/10	Dubrovin
Introduction to Topological Field Theory	136	15/10	Tanzini
Fisica Matematica 1	136	5/10	Reina
Random Matrices and Integrable Systems	136	5/11	Grava
Algebraic Geometry	University of Trieste	2/10	Mezzetti
Seminar Integrable Systems	136	3/10	Grava/Raimondo
Seminar Algebraic Geometry	136	9/10	Bruzzo
Seminar Non commutative Geometry	136	15/10	Dabrowski
Quantum Mechanics	136	Around 15/11	Dell'Antonio
Quantum Groups and Integrable Systems	136	Around 6/11	Rubtsov

1.
