

Semantic Processing and its Disorders

Monday, June 29th (SISSA, Big Meeting Room, 7th floor)

SESSION 1

Chairpersons: Elisabetta Làdavas & Carlo Semenza

9:30-10:15 Raffaella Rumiati "*How is food represented in the brain?*"

10:15-11:00 Morris Moscovitch "*The interplay between episodic memory and semantic memory: Evidence from neuropsychology and neuroimaging*"

11:00-11:30 Coffee break

11:30-12:15 Alex Martin "*Food for Thought: The GRAPES model of concept representation in the brain*"

12:15-14:00 Lunch

SESSION 2

Chairpersons: Giuseppe Sartori & Lisa Cipolotti

14:00-14:45 Gabriella Vigliocco "*Learning and representing abstract concepts*"

14:45-15:30 Lorraine Tyler "*How do we understand what we see?*"

15:30-16:15 Coffee break

16:15-17:00 David Plaut "*The dynamics of Semantic Activation*"

17:00-17:45 Alfonso Caramazza "*Object knowledge: Domains and attributes*"

Tuesday, June 30th (SISSA, Big Meeting Room, 7th floor)

SESSION 3

Chairpersons: Marlene Behrmann & William Marslen-Wilson

9:30-10:15 Maria Luisa Gorno-Tempini "*Neural basis of semantic processing in semantic dementia*"

10:15-11:00 Matt Lambon-Ralph "*Convergent evidence on the neural basis of semantic representation*"

11:00-11:30 Coffee break

11:30-12:15 Caterina Silveri "*What is semantic in semantic dementia?*"

12:15-13:00 Conclusive remarks

13:00-14:00 Lunch

end of the meeting
