The Director verifies the regularity of the acts within thirty days from the submission of the documents by the Committee. If the verification has a positive outcome, the Director approves the Committee acts through a decree. If faults are identified, the Director sends the acts back to the Committee and sets a deadline for their regularization.

All the acts regarding the procedure, including the Director's decree of approval, are published on SISSA's website.

To all intents and purposes, the aforementioned publication is equivalent to notification. No further notice is envisioned.

The call of the researcher has to be approved by the School Council in its plenary format (full and associate professors) by an absolute majority of the votes. It is subsequently proposed to the Board of Directors, which decrees on the call of the winner of the selection procedure.

Art. 10

The gross annual salary payable to a fixed-term researcher with a full-time commitment as per paragraph 3, letter a) of Article 24 of Law 240/2010 is equal to the initial salary payable to a full-time confirmed researcher.

A researcher who has permanently resided abroad, has carried out documented research or teaching activities abroad for at least two continuous years at public or

private research centres or universities, and moves his/her tax residence to Italy within three months from the start of the activity may benefit from the preferential tax scheme, without prejudice to further legislative amendments.

The research and teaching activities carried out by the researcher shall comply with the contract, with the rules and codes of the School, and with the programming of the School's governing bodies.

For all matters that are not expressly covered in this notice, reference shall be made to the norms of Book V of the Italian Civil Code and current legislation on employment, with particular reference to Legislative Decree No. 165 of 30 March 2001 "General rules on the organization of employment by public authorities".

For all disciplinary issues, Art. 10 of Law 240/2010 shall apply.

During the six months prior to the expiry of the contract, researchers holding a contract as per Art. 3, paragraph 1, letter a) of Law No. 240 of 30 December 2010 are subject to an evaluation of their teaching and research activities, also for the purpose of a two-year extension. The extension may be proposed by the Area that requested the position and its financial coverage shall be granted within the available programming resources. The evaluation of teaching and research activities is based on procedures, criteria and parameters compliant with the provisions of Ministerial Decree 242/2011. The teaching and research activity carried out by the researcher in the framework of the contract for which the extension is proposed is evaluated by a special commission, appointed by the Director and made up of three professors from outside the School, on the basis of a report drafted by the Area to which the researcher belongs and a report drafted by the researcher himself.

The committee's assessment focuses on the adequacy of the research and teaching activities carried out in relation to the provisions of the contract to be extended.

In the event of a positive outcome, the proposal for extension, together with the Area report and the Committee's evaluation, is submitted to the Board of Directors for approval, after hearing the opinion of the Academic Senate and the School Council, subject to verification of economic and financial sustainability. The

resolution of the Board of Directors is adopted within the expiry date of the contract to be extended.

Art.11

The holder of the contract cannot simultaneously hold other fixed-term contracts with SISSA or with other Universities.

Art. 12

Termination of employment

Termination of employment occurs upon expiry of the contract or withdrawal of one of the parties. If the selection procedure is revoked, the contract is terminated in any case.

During the first two months, each party may terminate the contract at any time without prior notice and without penalties involving the recovery or the failure to pay the salary for the period of notice not given. The contract ends when the other party receives the notice of termination. Termination by the School must be duly motivated. After the above-mentioned period of time, in case of resignation the researcher must give at least a 30-day notice, by sending a written communication to the School's Director. Failure to do so shall result in a penalty involving the recovery or the failure to pay the salary for the period of notice not given.

In accordance with Art. 2119 of the Italian Civil Code, each of the parties may terminate the contract should an event occur which does not allow the continuation of the contract, even on a temporary basis. In addition, the Administration may withdraw from the contract for lawful dismissal for misconduct.
