

Public selection for International students (extraEU) for the provision of a fellowship in the framework of the “Percorso Formativo Comune del corso di Laurea Magistrale in Matematica” (Master of Science in Mathematics) in collaboration with the University of Trieste

Academic Year 2021/22

SISSA offers the opportunity for carrying out an excellence MSc program in Mathematics organized in collaboration with the University of Trieste, supporting International students (extra EU citizens) with one fellowship.

- **Requirements:**

Applicants interested in participating in the SISSA fellowship selection must have a bachelor degree, or an equivalent title, which should qualify them to be enrolled in the MSc program, by **31.12.2021**.

- **How to apply:**

Applications, together with all the required documents, must be submitted through the following online procedure: <https://pica.cineca.it/sissa/>, by **20.04.2021 - 13.00 hrs. (Italian time)**.

- **Selection:**

The selection will be based on academic and scientific qualifications only. The admitted candidate will therefore enter the program and receive the fellowship without taking part in the regular entrance examination.

- **Results**

The outcome of the selections will be notified by email to all candidates.

- **Fellowship and other benefits**

Admitted candidates will be awarded a fellowship of the yearly amount of € 6.000 gross for the entire duration of the course.

In order to obtain the fellowship, admitted candidates must enroll to the MSc program in Mathematics at the University of Trieste. Details of the current regulation for international students' enrollment at the University of Trieste are available at [this page](#) (please note: the enrollment at the University of Trieste requires a separate application and it is independent of the assignment of the fellowship).

A contribution towards living expenses up to € 250,00 gross per month will be awarded to those who will subscribe a registered rent contract.

A contribution towards the expenses to be enrolled in the health insurance system up to € 198,77 will be granted to extra-EU students only.

- **Obligations of fellows**

Students selected for the fellowships must enroll to the MSc program in Mathematics at the University of Trieste before the beginning of the classes. They must attend the classes and participate to the activities organized by SISSA, in accordance to the requirements of the MSc SISSA committee.

Each fellow must pass all the exams of her/his personal curriculum by the end of each academic year, each exam with a grade of at least 24/30 and with an overall weighted average of 27/30.

The complete regulation of the MSc fellowships and additional information are available [here](#).
