

## PROVA 2

Descrivere i parametri principali per progettare primer adatti all'amplificazione mediante Real Time-PCR

Descrivere le principali differenze nei protocolli per l'estrazione e quantificazione di DNA ed RNA

Three handwritten signatures in blue ink, arranged horizontally. The first signature on the left is a stylized, angular script. The middle signature is a smaller, more compact script. The signature on the right is a larger, more complex script with multiple loops and a long tail.
